College Science Instrumentation and Analytical Center (CSIAC) was established in the year 1983 in the Chemistry Department to carry out chemical analysis and spectral measurements viz., IR, UV-Visible, Spectrofluorimetric spectra and Magnetic moment & Photoreactor for photochemical studies of samples received from students, teachers and researchers from the academic and research institutions and industries in and around Virudhunagar to check the purity and quality of their products. It also offers analytical and spectral measurements / analysis training to PG students, research scholars and teachers.

Please visit our college website www.vhnsnc.edu.in for requisition form and other details.

Guidelines for Spectral Measurements / Analysis

1. Samples should be given for measurement / analysis only with the requisition form duly filled and signed.
2. The payment should be made in full and transaction id should be mentioned in the requisition form.
3. No cash payment or cheque or DD will be accepted.
4. All the payments should be made to the following account

Name of the A/C:

College Science Instrumentation and Analytical Center (CSIAC)

Account No: **004100050150276**

Name of the bank and Branch:

Tamilnad Mercantile Bank Ltd & Virudhunagar.

IFSC Code: **TMBL0000004**

5. Only after receiving the payment, the sample will be taken for measurement.
6. If sent by post, the dully filled form and the samples, neatly packed, should be sent to the following address:

The Head of the Department,
Department of Chemistry,
V.H.N.S.N College (Autonomous)
